The DIMMER VIEW

by Max Goodwin

More on Disneyland East

Sports is big with most people in the United States.

And the majority of sportsmen is dedicated to preservation of the specie and fair play.

The fact that State Senator Dennis E. Carpenter has introduced a bill increasing the hunting and fish license fee bothered sportsmen hardly at all.

Fair-minded nimrods and fishermen understand the need to close the growing gap between current revenues and expenditures of the Department of Fish and Game. The deficit is about $2 million dollars and growing. Increased costs in gasoline and fish food alone have added almost a million dollars to the Fish and Game Department's operating costs this year.

If the bill becomes law it will increase hunting licenses from $6 to $10 and raise fishing licenses by one dollar. It would also raise the ceiling on incomes allowed by people on Society Security in order to qualify for free licenses.

All of the above is just an iota of background for the matter at hand. It has to do with sports at the California Institute for Men at Chino. That place is affectionately known as Disneyland East by inmates, and Chino personnel, according to State Senator H. L. Richardson, who is our Chino spy. Richardson has been disgruntled over the years with the operation of Chino and is frustrated because he can't get the Department of Corrections to make changes he deems vital to proper operation of a facility of incarceration.

He has called the pace a country club on numerous occasions. The Olympic sized swimming pool, the tennis courts, the shufle board complex, the private zoo complete from llama to leopard, the golf course have all be used to back up his judgment.

But sports has entered the picture. He is raging angry because Chino has now added a duck club, complete with blinds, for the benefit of Chino's superintendent and his friends.

According to Richardson, the Game and Fish Department was investigating some dead geese in the Chino area and discovered death was due to poisoned grain. While seeking the source poison, Game Warden Douglas Buchanan tracked it to pesticide control in the Institution. The investigation uncovered some duck blinds on the Chino premises, near the dairy.

On December 29, while observing the duck blinds from afar with a telescope, he saw Superintendent Griggs and five other persons firing shotguns from the blinds and geese falling. Game Warden Buchanan proceeded to the gate of the Institution and requested permission to enter, which was denied. About half an hour later, the report shows, a huffy Superintendent Griggs met the warden at the gate.

The game warden asked to inspect the guns of Griggs and his five friends, who, incidentally were not employed by the state in any capacity, and asked to see their licenses. All the guns proved to be legal, but only one of the six men was licensed to hunt geese. At that point Warden Buchanan issued citation to Supt. Griggs and four of his five friends. The case is before the Chino Municipal Court where they are charged wih violation of Section 3000 of the Fish and Game Code.

It has been alleged that hunters have been seen, weapons in hand, talking to inmates; that eight blinds were built last fall by inmates supervised by a correctional employee, and that state materials were used in their construction.

Obviously, Griggs' friends had been granted permission to carry weapons on the prison grounds, but it is a cinch that to do so was primarily for the benefit of law enforcement officers, not for duck hunters.

You'd think that at least one of those friends would have sense enough to question the need for a duck hunting license!

Probably, the Department of Corrections will attempt to justify the blinds as a work experience project for inmates, preparing them for their useful return to society, suggests Richardson. He also feels that Warden Buchanan should be commended for devotion to duty. It took courage to cite the Superintendent and his friends!

It's too bad that the same kind of devotion to duty isn't felt by the administration of the Department of Corrections. If the inmates received as fine an example of concern for their well-being as the Fish and Game Department does for geese and ducks, I doubt if there would b eso much violence in our institutions.

"Griggs must feel that he and his friends are above the law, for it is easy to conceive how one of the men could be without a license — but all of them?" says Richardson.

Legitimate hunters are appalled at those who poach, shoot over limits, and hunt without licenses. They know their license fees go to the protection and perpetuation of game, and are usually happy to contribute via licenses. But supporting the fun-and-games of an official feeding at the public trough is too much! Shportsmen should rebel.

Superintendent Griggs isn't just another citizen, he is an officer of the law. If the court doesn't throw the book at him, the Department of Corections should.

Try A Little Onomatopoeia

The SAN DIEGO EVENING TRIBUNE, a splendid daily newspaper, publishes an ordinarily useful column "LESSONS IN ENGLISH", but W. L. Gordon, who writes it must have been pulling some legs Tuesday.

In his column that day, under the subhead "WORDS OFTEN MISPRONOUNCED", he listed "Onomatopoeia".

He says it means "formation of a word whose sound imitates its referent" and is pronounced ahn-a-mat-a-pee-a with the principal accent on the fifth syllable.

We've tried for two days to work it into our conversation. No luck.

He ought to change the head on that item to "WORDS SELDOM MISPRONOUNCED" or better "WORDS SELDOM USEABLE".

Voters Turn Down Parks

All Three Issues Lose In Light Voter Turnout

Park and landscaping issues were defeated by almost 4-1 majority in Tuesday's election which included all of Lemon Grove and a slice of Encanto.

The total vote was 9,350. 1,670 voted for park; 6,109 said no. These totals do not represent voter turnout since most voters could cast on three issues. The largest vote was on Proposition A for which 2,472 votes were cast. There are 11,156 registered voters in Lemon Grove's 41 precincts and slightly less than 20 per cent of this total cast votes.

Prop. A. was for forming a service district that would include a large park shared with Encanto, plus a smaller park in Lemon Grove. It carried a price tag of about $29 a year to start, and possibly decreasing thereafter.

Prop. A

Yes: 408 — No: 2,064

Surprisingly, in Encanto, where the park was to be located, turned it down, too. In Encanto's single polling place, Yes 73 — No: 269.

Prop. B. was for the park in Lemon Grove in the event the combination Encanto-Lemon Grove issue failed— which it did. There was slightly more voter sympathy for this one. The annual cost was siad to be about $7.50 a year

Prop. B.

Yes: 635 — No: 1,850

Prop. C. would have landscaped the center islands the length of Broadway and would have provided landscaping and upkeep for the plaza along the railroad right-of1way. It carried a cost of $7.25 a year.

Prop. C.

Yes: 554 — No: 1,926

Much of the negative vote came from a complicated ballot, it is believed. Only a careful reader could understand that Prop. B would be activated only if Prop A failed.

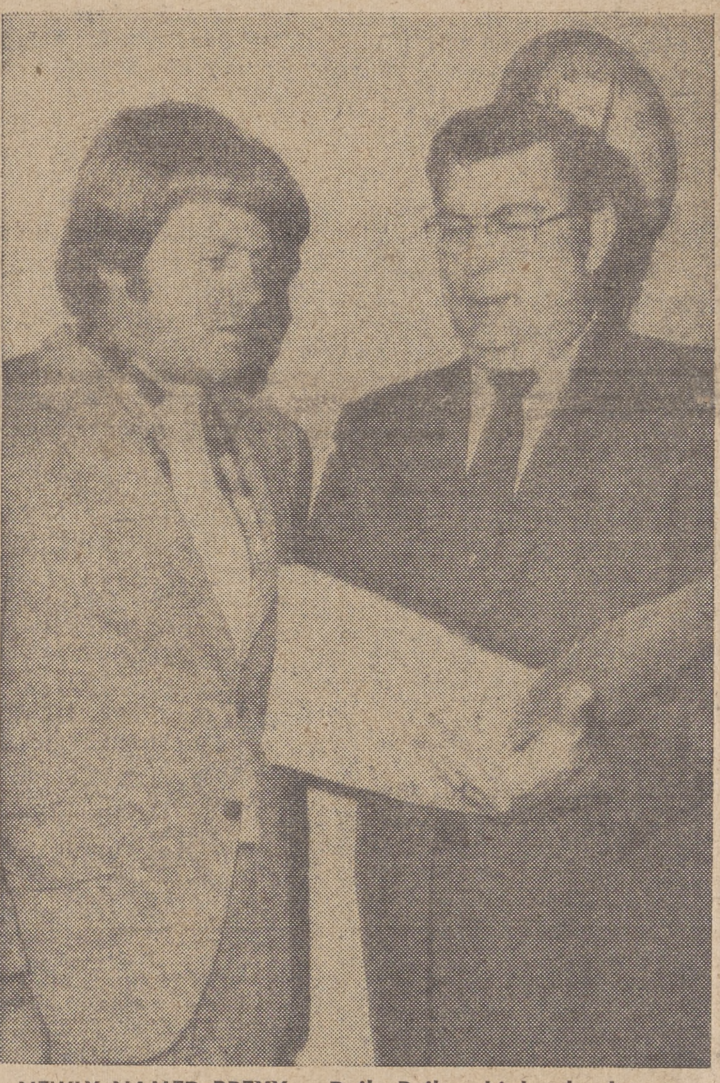
It was suggested to the county park planning group, which put the language into the ballot, that the language be tried out first on any one of a number of newspaper reporters in the future. The object being to reduce such complexities in the future.

As complicated as it was made, that was not the only reason for the issue's failure, it is believed.

Money issues are running into trouble generally during the present period of uncertainty and high taxes.

Polling places were changed, too. Anticipating a smaller turnout than for general elections, precincts were consolidated. A spokesman for the Registrar of Voters office said that most of the calls received Tuesday were for locations of polling places, although this information came with sample ballots. Precincts had been consolidated for Tuesday's election and polling places were reduced to seven in Lemon Grove and one in Encanto.

In addition to complex language on the ballot and in the arguments for the issues, there were inaccuracies in the arguments from Prop. A and B.



NEWLY NAMED PREXY — Daile Bailey, high school pastor of the Skyline Wesleyan Methodist church receives instructions from Lemon Grove Rotary president Bob Guest (right) soon after Bailey was elected president of the club for 1974-75 last week. Bailey will be inducted midyear during Bob Guests "demotion" program. An installation banquet will be held a few days later.

County Government Makeup Committee to Go on Tour

The Citizens Charter Review Committee is going on the road to assure an opportunity for citizens throughout San Diego County to present their suggestions and opinions.

The committee, appointed by the County Board of Supervisors, will examine the structure of County government focusing on the number of supervisors, the method of elections, and the method of selecting a chairman.

The 25-member committee, splitting into three, groups, will hold evening meetings tentatively scheduled for April 4 in north, east and south county areas. The time and locations of these meetings will be announced soon to assure community involvement. One will be in the Lemon Grove-Spring Valley area.

The committee will shoot for County Charter changes on the November ballot. The legal deadline for the November ballot is August 16.

The committee is inviting speakers familiar with County government to speak at their meetings. Included are members of the Board of Supervisors, former chief administrative oficers, former Board members, members of advisory committees, representatives of the County Supervisors Association of California, and representatives from civic organizations.

Speaking before the committee at its last meeting, Second District Supervisor Dick Brown said that if an increase in the number of Supervisors was considered, he would favor a system similar to the committee approach of the San Diego City Council which would call for an increase to perhaps 15 members rather than only 7 or 9 members.

Brown told the committee that one of the problems now facing the Board of Supervisors is an overemphasis on administrative detail rather than on legislation. He also sait that the proposals for a City-Coonty consolidation may have merit, but in any event, the 13 cities in the coonty and County government should work more closely together.

The committee will meet again on Feb. 27 to further discuss their work program.

Power Price Hike Linked to Fuel Costs

SDG&E Will Jump Rates April 1

San Diego Gas & Electric Company, Friday filed a request with the Public Utilities Commission for a fuel adjustment electric rate increase of $33.7 million to become effective April 1. The increase would add $2 per month to the electric bill of customers with an average residential usage of 486 kilowatt hours per month.

Walter A. Zitlau, company president, said the adjustment is required to offset the higher cost of fuel for power generation. (see accompanying story)

"This is a heavy burden to ask our customers to bear," Zitlau said, "but the spiraling cost of fuel to provide electricity for our customers leaves us no alternative."

"We cannot continue to absorb costs of this magnitude. We must have relief in order to adequately continue providing for our customer needs."

The fuel adjustment increase amounts to 16.6 percent and is based on fuel prices that will be in effect April 1.

Because of the higher fuel costs, SDG&E also filed a similar request with the PUC tooday for a fuel adjustment increase of $188,000 in steam rates to become effective April 1. This increase amounts to 31.1 percent.

The fuel adjustment procedure established by the PUC enables SDG&E to adjust electric rates every three months, with PUC approval, to reflect increases or decreases in the cost of fuel.

Skyrocketing Fuel Costs Hurt SDG&E

The cost of fuel for power genertaion is climbing at an unprecedented rate and there is no indication of a let-up, said Walter A. Zitlau, president of San Diego Gas & Electric Co.

"Since last December, our oil fuel prices have advanced more than 50 percent," he said. "'Considering that the company will have to buy about 11 million barrels of oil duing the coming year, the added cost is staggering."

The greatest increase has been for low sulfur residual oil, which is the company's primary power plant fuel, followed closely by increases for diesel oil, which is used primarily for operating the company's gas turbine generators.

"In December of 1973," Zitlau said, "we were paying an average of $7.06 per barrel for low sulfur residual oil. By April 1, we will be paying an average of $10.82 per barrel. That is a jump of 53 percent.

"Barring govenment diversion of our supplies, our contracts assure us of adequate oil to meet our power generation needs through 1975, but not at a fixed price. As a result, we face the likelihood of additional increases as the oil shortage continues to drive up costs."

The price of gas for power generation also is spiraling upward, although not yet as steeply as that for oil, he said.

In December 1973, the cost of gas for power generation was 51.16 cents per million Btus. By April 1, it will be 56.21 cents per million Btus, an increase of nearly 10 percent. With anticipated use amounting to 19.2 trillion Btus, the cost will total $9.8 million.

Combined, these costs will raise of company's fuel bill for power generation to $130.26 million for the 12-months from April 1, 1974, to March 31, 1975.

LG Man Loses Nurses License

The Board of Vocational Nurse and Psychiatric Technician Examiners, Dept. of Consumer Affairs, has revoked the vocational nurse license of William Amos Sperling, 7028 Waite dr., L.G., for violation of the Business and Professions Code, they reported.

The Board said that Sperling was found guilty of unlawful possession of narcotics and sentenced to two-ten years, in San Diego County Superior Court, December 1972. Conviction of a crime is a cause for discipliary action under the Business and Professions Code, it said.

Storm Total Here Nearly Half Inch

The week-end storm sprinkled the Lemon Grove and Spring Valley areas with nearly a half-inch of rain, reported Richard Marks, weather-record keeper at the local fire station.

Saturday .22 of an inch fell and .24 of an inch fell Sunday. Storm total was .46 of an inch bringing this season's rain total to 6.54.

Last year, on this date, the total had reached 12.69 due primarily to heavy rains in late February. Almost three inches fell during the month spread from about the middle of February to the end of the month.

Al Couppee

Al Couppee Chosen OTD Parade Marshal

The Old Time Days Committee has captured a Parade Grand Marshal. He's signed to a 'no cut' contract.

That's the good news from Don McCray, OTD committee chairman, who has scheduled the annual parade for 11 a.m. Saturday, April 27th.

Taking it from the top, this year's OTD marshal will be Al Couppee, sports director of KGTV, channel 10. Not only has Couppee scheduled the event on his 'no cut' calendar, but he is inviting some old time baseball figures to join him to lead the April procession. Invitations are being extended by "Coup" to Al Schuss, long time baseball radio broadcaster, and Ed Runge, famed American League umpire, and others as they can be located.

The marshal and his party will lead the parade in several vintage autos. A fresh breath of beauty will be provided by Suzanne Pickerd, current Miss Lemon Grove. She will ride with Marshal Couppee.

McCray said this year's parade will be a trifle shorter but it will have a larger number of floats. Applications for entering the parade may be obtained from the Lemon Grove Chamber of Commerce office at 3415 Imperial 9 a.m.-2 p.m. daily.

Meanwhile, bumper stickers in the shape of lemons are being distributed by the OTD Association.

The Old Time Days Parade is the highlite of Old Time Days in Lemon Grove. The events are sponsored by local merchants. Old Time Days sales will be conducted Wednesday through Sunday April 24 to 28.

A carnival that has attended Old Time Days in the past will be here again this year. It will be at St. John of the Cross Catholic church parking lot where it has been in years past.

Nearly everyone knows Parade Marshal Couppee. But a refresher will do more good than harm. "Coup" came to San Diego in 1961 to give some stability to the sports broadcasting scene. He knows sports. His football knowledge stems from his linebacker days with the Washington Redskins. He is called a pioneer in his present field. He was about the first pro football player to enter the television broadcasting profession. It turned out to be a jock's dream. "I play golf twice a week, I go fishing twice a week and have my weekends free," he confides.

Couppee came here from Des Moines, Iowa. He was graduated from U. of Iowa in 1942 where he was an all-Big Ten quarterback for the Hawkeyes. He boxed in Moline, Ill. and won the Golden Gloves heavyweight championship in 1942.

He is past president of the Board of Trustees of San Diego's Hall of Champions; past president of Sportscasters/Sportswriters Assn. of San Diego and Baja California; a member of Football Writers Assn. of America; the Outdoor Writers Assn. of America and of various other national and local sports oriented clubs and organizations.

Civil Service Appoints Winterbourne

The San Diego County Civil Service Commission appointed William D. Winterbourne as personnel director for the County of San Diego. He replaces retiring director Clayton Swanson.

Winterbourne, 52, has served as personnel director for Ventura County since 1968.

"We selected Winterbourne because of his previous county personnel experience together with outstanding credentials and references," he said.

Winterbourne is past president of the County Personnel Administrators Association and the Citrus Belt Personnel Association. He is currently seving as vice president of the Personnel and Industrial Reltaions Association of Southern California.

Brace will lead an executive committee and 44 JA ambassadors, loaned to the program for the fund drive.

Executive committee members are: R. Martin Wells, Pacific Telephone Co.; Don Arney, Teledyne Ryan Aeronautical; Derrill Richards, IBM; and Herb Day, General Dynamics.

More than 900 San Diego area high school students are now participating in Junior Achievement, according to Whitney. The expanded program would establish a JA center in the South Bay area and allow 1,500 young people to participate.

Letter to the Editor

Dear Editor:

The undersigned agree that the goals as set forth herewith, by the Valle de Oro Planning Association, are worthy of our support.

AGRICULTURAL GOALS

General Goal:

Preserve the agricultural land use as a means of maintaining the semi-rural atmosphere and enhancing the open spaces.

Specific Goals:

1. Encourage the preservation of all active and productive crop bearing agricultural lands by appropriate means.

2. Discourage establishments of additional commercial kennels, dairies, poultry, or other livestock enterprises, except for grazing land or suitable stables for public recreational use, as may be designated within specified areas.

3. Identify,establish and protect potentially productive agricultural lands.

4. Encourage the use of agriculture, particularly tree crops and open field crops, to provide visually pleasing open space and variety within the semi-rural environment.

COMMERCIAL GOALS

General Goal:

Encourage only that commercial development which is necessary to serve the local residents.

Specific Goals:

1. Allow for development of centrally located community size shopping centers that will support present and future needs.

2. Encourage the concentration of shopping areas to avoid the development of commercial strips.

3. Consider providing for one regional size shopping center in an appropriate area of the community.

4. Discourage the continued development of neighborhood shopping centers unless integrated within new commercial/industrial zoning.

5. Encourage locating rest homes and retirement centers in proximity to public facilities.

6. Discourage all tourist oriented businesses.

7. Vehicle service stations should be severely limited to appropriate commercial zones only.

Cookie Sale Slated by Scouts

Nearly 1,000 Girl Scouts in the Lemon Grove-La Mesa area will take advance orders for their Annual Cookie Sale March 15 through 24, cookie chairmen, Dot Oswalt and Gladys Stewart said.

The Scouts will deliver the cookies to the customers and schedule booth sales in shopping centers, April 19-29.

New this year will be the addition of a Sesame Crisp Cracker to the four varieties of cookies offered. Other varieties include: Chocolate Mint, Peanut Butter Creme, Shortbread, and a Lemon Cream Cookie.

Funds from the product sale are used for the council program budget for the year including maintenance of the three local camp facilities, special events for girls, and camp equipment. Troops retain some portion of the proceeds for activities in local communities.

Troop Cookie Chairmen in the Lemon Grove-La Mesa area include: Carolyn Boulter, Sandra Jinks, Joanna Spisak, Corine Hobbs, Hermina Finnigan, Betty Consolin, Mary Crescenti, Kay Karlson, Judy Stanley, Mrs. Featheringill, Mrs. Dibos, Bobbie Shaffran, Barbara Nye, Marge Mahon.

Scouts have been selling cookies locally since 1936 and have supported the development of their own outdoor facilities since that time.

No Yolk, Egg Facts Unscrambled

With food prices on the constant up and up, many Lemon Grove and Spring Valley residents have started to grow their own. Everything from grapefruit to chickens are cultivated by backyard horticulturists.

Below are some tips from the Department of Food and Agriculture to help egg farmers unscramble the facts:

GRADES — Grade refers to the egg's interior quality and the shell's exterior appearance. All grades are equally nutritious and all are satisfactory for baking, omelets, and general cooking. AA and A are often preferred for frying and poaching because their yolks stand higher and their whites spread out less than Grade B eggs.

SIZE—Designations such as Large and Medium refer to the size of the eggs and their weight, they have nothing to do with quality. In California there are six such designations; Jumbo, Extra Large, Large, Medium, Small and PeeWee.

YOLK — The yolk color of the egg, does not affect the quality of the egg. Color is determined by pigment in the chicken's feed. Egg producers say that most consumers prefer a pale lemon color for the yolk.

NUTRITION—The egg yolk provides fat and the white provides protein for the unborn chick.

KEEP — In the old days, many eggs laid in summer often were placed in cold storage for use in the winter. They will keep a long time, but their nutritional value falls off sharply in storage. Eggs should be consumed within a month.

Beware of Bleu Roquefort, Consumer Group Warns Public

Menu translation tips are being offered by the consumer branch of the State Attorney General's office. Sometimes words describing food items on menus may not be what they appear to be, the office warned. For example, what may be described as "roquefort cheese dressing" can turn out to be bleu cheese.

If the menu lists "fresh peas" or "fresh fish", these items may have been frozen previously. To be sure, the office suggests consumers should ask before paying extra for "fresh" and not getting it.

Some of the other possible menu misconceptions, cited by the consumer's group, include; "chicken salad" is often made from turkey, "veal cutlets" may not be cutlets at all, "white fish" may only be a fish that is white, and ""prime rib" means any rib from a seven rib roast and has nothing to do with quality.

Consumers are asked to report any restaurant they feel has misrepresented any item on its menu by calling the Consumer Protection Unit at 236-7349.

UFOs Cited At Grossmont

"Flying Saucers ARE Real" is the lecture topic scheduled for Friday, at Grossmont College when nuclear physicist, Stanton T. Friedman presents an illustrated talk at 8 p.m. in the Student Center.

"After more than 13 years of study and personal investigation, I am convinced that the evidence is overwhelming that the earth is being visited by intelligently controlled vehicles whose origin is off the earth," Friedman said.

Friedman is the only space scientist devoting full time to the science of "Ufology." His illustrated talk will cover data from several UFO studies, popular misconceptions about UFO's, travel to the stars and the arguments of the ""educated" non-believers.

Friedman's professional background includes 14 years experience concerning nuclear aircraft, nuclear rockets, fusion rockets and nuclear power plants for space and earthbound applications.

The public is invited to hear Friedman discuss the validity of his UFO research. There is no charge for admission to this program sponsored by the college's Office of Community Services.

Park System Sets Conservation Week

Citing the California State Park System as an example of "Over 70 years of Environmentalism", State Parks Director Penn Mott, Jr. outlined the traditional observance of Conservation Week, March 7 through 14.

"The present gasoline shortage has made everyone more aware that our natural resources are finite and must be wisely managed and conserved," Mott noted.

Rangers and other personnel will participate in Conservation Week programs at State Park System units and in their local communities, Mott reported.

"Conservation Week isn't a time to sit around congratulating ourselves," he emphasized. "It is, however, a time to recognize that concern for the environment has a long history.

"Over 70 years ago the first of California's present State Parks was created at Big Basin in Santa Cruz County because of concern for the environment. The need for parks and for attention to basic conservation principles is even more critical today."

Speech Winners Named

Jim Donohue, Monte Vista high school senior, will represent Southern California in the dramatic interpretation competition at the National Speech Tournament in Dallas this spring.

He took first place in the National Qualifiers Tournament at Loyola University in Los Angeles Feb. 13.

Steve Stollenwerk, of 9738 Sierra Madre, Spring Valley, another Monte Vista senior, placed second in the extemporaneous division at the Qualifiers tourney.

In other speech activity, the Monte Vista speech team took third place at the Palomar College spring speech festival held last month.

CSEA Sponsors Seminar

Representatives from the classified staffs of many school districts in San Diego County will participate in an "Eucational Seminar" in San Diego on Saturday.

Sponsored by the California School Employees Association (CSEA), the four-hour event begins at 9 a.m. at the County Department of Education auditorium, 6401 Linda Vista rd., San Diego.

Theme for the program is ""Yes I Can!" The seminar is designed to provide professional growth, inservice education, and self-improvement.

Classified school employees are those who perform tasks which are not assigned to persons holding educational credentials. Classified staffs include secretaries, clerks, accountants, maintenance personnel, transportation supervisors and drivers, data processing and audio-visual technicians, library and production staff members, information officers, food services personnel, and security officers.

Toll Free Call Nets Tax Info

The Internal Revenue Service's toll-free telephone service to Southern California taxpayers is available on a year-round basis but is particularly of use now, during the tax-filing season. Tax information is available Monday through Friday from 8 a.m. to 4:30 p.m., by calling (800)-242-4500.

William H. Connett, IRS District Director for Southern California, announced that a survey was conducted of the calls coming into the toll-free service phones.

The results show that the least busy, and therefore, the best times to call in with your questions is 8-9 a.m. and 3-4:30 p.m., Tuesday through Friday," he said. Monday proved to be the busiest day, probably because taxpayers work over the weekend on their tax returns."

California's population is now set at 20.7 million, an increase of 223,000 over last year.

FASHION — Mesdames A. C. Hass, Warren Lewis and John Shinn admire the table decorations for the Spring Valley Women's Club fashion show to be held Wednesday.

"Wearing of the Green" will be the theme of the Spring Valley Woman's Club fashion show and luncheon Wednesday at 9062 Memory Lane, SV, at noon.

Fashions from Sears, coordinated by Mrs. Ellen Elmore, will be modeled by club members and children. Part of the luncheon profit will be donated to the Monte Vista and Mt. Miguel High School pool projects.

Reservations must be made by March 11th. They will cost $3. For more information call 466-0775.

Small Gifts Help Hafif

Los Angeles — Democratic candidate for governor, Herb Hafif, filed a financial contributions report showing 12,000 small contributors of $8 or less. Seven contributions of $500 or more were received.

Of $164,000 received, the largest figure was $100,000, a loan to the candidtae from Citizens for Herb Hafif.

Lease Agent Named

Thomas - Fletcher - Nicol Co. has been named leasing agent for the new 44,000 square foot industrial building at 6400 Federal blvd., Lemon Grove.

About a third of the space has been leased already, it is said. The complex is owned by Ben Houston Properties and is valued at more than a million dollars.

Carol Klee Picked For Honor Band

Carol Jean Klee, a clarinetist from Mt. Miguel High, has been accepted as a member of the 1973-74 All Southern California High School Honor Band. The group is composed of outstanding high school musicians from 11 Southern California counties.

The musical director of the group is Ronald Hoar, Band Director of Pasadena City College. Kenneth Weidaw, a professional musician is serving as manager of the group.

Performances of the Honor Band are scheduled for March 16, at Royal High School in Simi, and March 17 at Pasadena City College.

In addition, the group will perform March 22 for the Music Educators National Conference at the Disneyland Hotel, in Anaheim.

Grove Man Off To National V.F.W. Confab

Kansas City MO (Special)—A Lemon Grove man has been tapped to represent area V.F.W. members at a Washington conference March 8-12.

Dale Willey, of 7145A London lane, a past state commander; a member of V.F.W. Post 6874 ,and a member of V.F.W.'s National Voice of Democracy Committee, will leave today for the assignment.

The appointmeent was made by Ray R. Soden, of Bensenville, Ill., Commander-in-Chief of the Veterans of Foreign Wars of the United States.

The conference is the annual V.F.W. Mid-Winter Conference of National Officers and Department (state) Commanders.

The V.F.W. leaders will appear before the Senate and House Veterans Committees to present the organization's legislative goals for 1974, meet with their Congressional delegations and attend briefings by top Congressional, Administration and military officials.

Rep. George H. Manon (Texas), chairman of the House Appropriations Committee and Defense Appropriations Subcommittee, will receive the 11th annual Congressional Award "for outstanding service to the nation," to be presented at the Congressional Banquet, March 12. The dinner honors all Members of Congress, and guests will include Congressmen, Supreme Court justices, military leaders and members of the President's Cabinet.

The five national winners of the V.F.W.'s Voice of Democracy program, a broadcast scriptwriting contest, who will receive a total of $22,500 in scholarships, will be announced at the banquet. Over $350,000 is awarded to participants of the local and state levels.

C of C Mulls Broadway Parking Headache

How to handle the Broadway parking headache interested the Chamber of Commerce board, meeting at the LG Chamber office, Thursday. Del Lake, Chamber president, listed increasing the interest of the business community, resurfacing the new parking strips, and altering the present sidewalks as alternatives.

Lake said that John Graham, property owner of the Purple Turtle boutique, will survey Broadway businessmen to pick a date for a new community meeting to discuss the parking problem. Lake said this will hopefully improve attendance after the last meeting when only six LG citizens came.

The various costs to resurface, restripe, and possible alter the new parking strips were discussed by the board. Lake said that he would compare the costs and report his findings at the next board meeting.

The board also made plans for their Installation Dinner to be held April 6th at the VFW Hall. The dinner will begin at 6:30 p.m. with a no-host cocktail hour. Jacque's will do the catering.

Mearl Strackbein, new owner of Village Wine and Liquor store was introduced to the board. Ticket sales for LG Old Time Days was also discussed.

Horses, Cows, Chickens Taxable Says Assessor

Dairy cattle, hogs, poultry, rabbits, and certain pleasure horses are assessable as personal property on March 1st in California, County Assessor E. C. Williams said this week. Also included is other ranch personal property such as unlicensed farm equipment and feed.

They must be declared on an agricultural property statement and filed with the County Assessor's office by April 1.

These statement forms are mailed to all known owners who are engaged in commercial farming.

However, Williams urges any new county residents or agricultural entities not receiving the agricultural property statement to call his office at 236-3073 to have a form mailed.

Beef cattle, sheep, and racing stock are exceptions to the market approach to value used on the other forms of livestock and agricultural personal property, and are subject to a special in-lieu tax. This varies from a head day tax on sheep and beef to a fee based on classification for race-horses.

Beef cattle and sheep have a twice a year deadline for filing and payment of the in-lieu tax which falls on January 1 and July 1. Racing stock must be declared, and the tax paid on January 1 of each year.

Horses classed as "pets", not commercially oriented, are exempt from any taxation.

In San Diego County, according to Williams, the more important classes of livestock are dairy cattle, pleasure horses, and poultry for egg production.

SECURITY — East County's newest security organization has expanded. GPA Patrol Service at 6925-27-29 North ave., with a staff of 20 security officers, a matron, (blonde) and a female executive secretary, has opened a security training academy. The month-long course is an abbreviated form of that given by the police. The operation is licensed by the state and sanctioned by the Sheriff's Department. Shelley Blair, the executive secretary, said that the firm presently guards 28 Lemon Grove business firms, plus the Chamber of Commerce which is done without charge.

Lionel Van Deerlin to Seek Seventh Term in Congress

News to practically no one in San Diego was Rep. Lionel Van Deerlin's Saturday announcement that he will seek a seventh term in this year's election. Nominating papers have been filed on his behalf.

A former newsman for television and newspapers, Van Deerlin was first elected in 1962. He now ranks seventh among the 24 Democratic members of the House Commerce Committee and is the senior majority member of the Commerce subcommittee on Communications and Power.

He says that throughout his years in Congress his basic goal has remained unchanged: "Full employment, with opportunity to match."

Van Deerlin counts among his recent achievements the advancement of plans for deepwater dredging in South San Diego Bay and the likelihood that sand from the dredging project can be used to rebuild the eroded coastline at Imperial Beach.

In the House, Van Deerlin through his committee post has been able to take a direct hand in writing legislation dealing with the energy crisis, air quality and broadcasting. As a former broadcaster, he has sought maximum public input in the allocation of valuable commercial television channels.

Van Deerlin says he is proud of his support for the landmark education, manpower and civil rights legislation that cleared Congress in the mid-1960s. "Most of my constituents have benefitted from these laws," he says.

The congressional district Van Deerlin represents has been renumbered as California's 42nd and slightly reshaped as the result of a reapportionment decision last year by the State Supreme Court.

Cyclists Ride Without License

A special study has indicated that thousands of Californians who ride motorcycles do not have a valid driver's license, Lloyd G. Turner, Chief, Office of Traffic Safety, said.

Turner said the study covered 272 fatal motorcycle accidents involving only California residents during a recent 10 month period. Fewer than half of the victims had a special motorcycle driver's license or the required endorsement on their license for four-wheeled vehicles.

"The study revealed the possibility that up to half the people who ride more than 600,000 motorcycles in California may not have a valid license," Turner said.

He added anyone needing a motorcycle driver's license or endorsement should go to a Department of Motor Vehicles office and take the motorcycle driving test.

Fireworks are still legally sold in about 25 states but under rigid regulations.

IRS TAX ANSWERS ?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q. What advice can the IRS give me about choosing a tax preparer to fill out my return?

A. The IRS offers the following advice to taxpayers seeking assistance from commercial income tax preparers; avoid the preparer who "guarantees" refunds, wants a percentage of the refund, or supposedly knows all the angles; avoid the preparer who advises the overstatement of deductions, the claiming of fictitious dependents or the omitting of income; do not allow your refund check to be mailed to the preparer; never sign a blank return; an do not sign a tax return prepared in pencil because it can be changed later. Taxpayers should insist that the tax preparer sign the return he prepares and enter his tax identifying number and address in the spaces provided. Finally, be sure to keep a copy of your return.

Q. Are there any changes in the social security tax for 1974?

A. Yes. Although the tax rate remains 5.85 percent for both employers and employees, the maximum amount of wages subject to social security tax has been increased to $13,200 for wages paid in 1974. This means the most any one employer should withhold from your 1974 pay is $772.20 in social security tax—up from $631.80 last year.

Q. I had two jobs last year, and more than the maximum amount of social security tax was withheld from my pay. Can I claim the excess?

A. Yes. If you worked for two or more employers during 1973 and more than $631.80 in social security tax was withheld from your pay, you are entitled to claim the excess social security tax as a credit against your income tax. For details, see your tax form instructions.

However, if you worked for only one employer during 1973 and more than the maximum amount of social security tax was withheld, you may not claim the excess as a tax credit. Your employer should adjust this over-collection with you.

Q. I received a state income tax refund in 1973. Do I have to report this as income on my 1973 Federal income tax return?

A. If you did not deduct state income taxes on your 1972 Federal income tax return, you do not have to report this state income tax refund on your 1973 Federal return. If you did deduct state income taxes on your 1972 Federal return, you must include the state tax refund as income to the extent that you derived a tax benefit from the prior deduction.

Of course, a taxpayer who itemizes and paid a balance due in 1973 on his 1972 state income tax return should add this amount to his 1973 state income tax withheld to determine his deduction for Federal tax purposes.

Q. Are political contributions tax deductible?

A. Yes. If you itemize deductions, political contributions are deductible up to $50 ($100, if you are married and filing a joint return). Instead of a deduction for political contributions, you may claim a credit against your income tax of up to $12.50 ($25, if married, filing jointly).

Q. I earned $95 in interest from a savings and loan association and $150 in dividents from some stock. Do I have to pay tax on this money?

A. Interest income is taxable in full. Thus, the $95 in interest would have to be reported. The first hundred dollars of dividends is not taxed unless the corporation paying the dividends indicates that they are not ordinary dividends. Thus, in most cases you would only have to report $50 of your dividends.

Q. What are the rules for deducting travel expenses?

A. In order for travel expenses to be deductible, they must be reasonable, and necessary and incurred while away fom home in pursuit of a trade or business. Business travel expenses are deductible, even if you do not itemize your deductions.

For more information, see IRS Publication 463, "Travel, Entertainment and Gift Expenses." It's available free from your IRS office.

The $2 admission price will cover the cost of the dinner. There will be prizes, and live music and entertainment.

Some of the featured entertainers include; C.C. Jones, The Kaplan Bros., Danny Topaz and Friends, Anita Robbins, Papa Sokol and his Bavarian Band, and Buck Wayne and the Buckshots.

Tax Funds Airport Fix-ups

The California Aeronautics Board has allocated $1.23 million toward the improvement of 32 airports. The money was issued through the California Airport Aid Program (CAAP) which is funded through the 7 cents per gallon tax on aviation fuel.

The Airport Aid Program is administered by the Division of Aeronautics of the California Department of Transportation (CALTRANS). The Division reviews applications and makes recommendations to the Board as to the amount of an allocation.

The following list contains all airports which were allocated CAAP funds in San Diego County for 1974.

BORREGO VALLEY—$31,996 toward a project to install new lighting on a parallel taxiway, including a 1,500' taxiway extension. The project is estimated to cost $63,992.

GILLESPIE FIELD — $100,000 toward the purchase of land for a runway clear zone.

RAMONA AIRPORT — $41,120 toward the acquisition of land to extend a clear zone for an existing runway 1,000'. Cost estimated at $82,239.

PALOMAR AIRPORT—$16,349 to resurface a runway. Estimated cost of the project, which includes striping and painting is $42,896. Also $7,300 for high-speed turnoff for a runway and $3,750 for land for navigational equipment installation.

County Relaxes Mobilehome Rule

SAN DIEGO (CNA)—Mobilehomes may be set up in agricultural areas without a special use permit in the future.

The County Planning Commission approved the change following a request by the Board of Supervisors. A planning staff report revealed that 133 requests for mobilehomes to house farm workers had been received in recent yars and all but one had been granted. In the latter case the Supervisors over-ruled planners.

There are some rules, though. Mobilehomes must be fully skirted and have perimeter landscaping. County Health department regulations must be observed.

Young Republicans To Fete Reinecke

North Shores and San Diego Young Republican Community Clubs will hold a reception for Lt. Governor Ed Reinecke Monday, 6-30-8:30 p.m., in the Village Assembly Room, at Vacation Village, Mission Bay (off Ingraham Street.)

No-host cocktail hour is 6:30 p.m. At 7:30 a short program will be followed by a question and answer period. The public is invited.

Lt. Governor Reinecke, a candidate for governor of California, will speak earlier in the day to the Federated Republican Women's Club of San Diego County, at a luncheon at the Bahia Hotel.

Overnight Park Hours Change

Two San Diego County Parks will be open for overnight camping during Easter vacation, the County Parks and Recreation Department said.

Lake Morena and Potrero Park are being opened for overnight camping from April 5 to 13, due to public demand.

Lake Morena is located on Buckman Springs Road, some 63 miles from San Diego via Interstate 8. Potrero Park can be reached by traveling 42 miles east of State Highway 94 to Potrero, then one mile north on Potrero Valley Road.

Effective immediately, county picnic parks will be open from 10 a.m. to 7 p.m., through March 30. Starting April 1, the picnic parks will remain open until 8 p.m.. From April 27 to Oct. 14 picnic parks will be open 9:30 a.m. to 9 p.m.

The longer operating hours for the parks were instituted due to the energy crisis, the change to daylight savings time and heavy public usage of the parks.

Parks affected include: Collier Park, Goodland Acres Park, Glen Park, Nancy Jane Park, Eucalyptus Park, Lincoln Acres Park, Old Ironsides Park, Monterey Heights Park, Vista La Mesa Park, Rolando Park, Lemon Grove Park, Lindo Lake Park, El Monte Park, and Pine Valley Park.

Fashion Show At Helix High

The annual fashion show sponsored by Girl's League will be held at Helix High School March 14 at 7 p.m.

"Theme for this year's fashion show is Contemporary Fashions of Spring and Summer. Also being presented will be formal and bridal wear," Debbie Schmidt, Fashionality Night Chairman, said.

Eighteen models have been selected by a panel of students and faculty.

Microphones were invented long before radio and television by David Edward Hughes in 1878.

TV 8's Jerry Gross To Cover Title Fight —From Caracas

KFMB-TV-8 will send Sports Director, Jerry Gross, to Caracas, Venezuela, to cover the March 26 World Heavyweight Championship Fight between San Diego's Ken Norton and defending champ, George Foreman.

Gross will leave here March 19 and will file daily film reports from both camps beginning six days prior to the match. On the night of the bout he will telephone the results along with exclusive post-fight interviews from both sides. The winner of that match will no doubt face Muhammed Ali sometime in the future.

Dismal Season Ends For Aztec Cagers

Although as a whole the 1973-74 basketball season was dismal for San Diego State, the Aztecs can feel good about ending with a two game win streak.

San Diego State finished 7-19 overall and 4-8 in the PCAA which was good for a tie for fourth place.

Last week the Aztecs played three games, losing to Arizona State 78-68, but beat Pacific 78-75 and San Jose State 73-71 in the final two games of the season.

Sophomore forward Allen Bunting was the star of the week for the Aztecs, hitting 20 points against Arizona State, 13 against Pacific and a career high 24 points and 18 rebounds against San Jose State. Bunting ended the year as the Aztecs No. 4 scorer with a 9.8 average and tied John Anderson for the rebound leadership at 6.7.

Anderson took top scoring honors with 316 points and a 12.1 average. Senior Brad McNamara ended the season with an 11.6 average. Anderson hit 16.0 in the PCAA, McNamara 13.0 and Bunting 10.6.

Despite this season's dismal record, Aztec coach Dick Davis is optimistic about next season. "If we can fill a couple of key spots, I think 1974-75 will be a good year," Davis said. "We'll have a healthy Steve Copp, a vastly improved Bunting, Gary Earle, Mark Delsman, Willie Stanley, Joel Kramer, Craig Knudsen, Ray Leary and Vince Carson will be eligible after redshirting.

"If we can secure the big man to play the middle that we so badly needed this year, we could turn things around.

$1,000 Raised for AFS

A recent fund drive to bring foreign exchange students to Monte Vista high school has netted over $1,000.

The American Field Service brings foreign exchange students to American high schools and to live with Americans during the school year.

The money that high school students earn pay for the foreign students' expenses in traveling. $1,000 is enough to finance one student.

Chargers Draw Two In Eighth Round

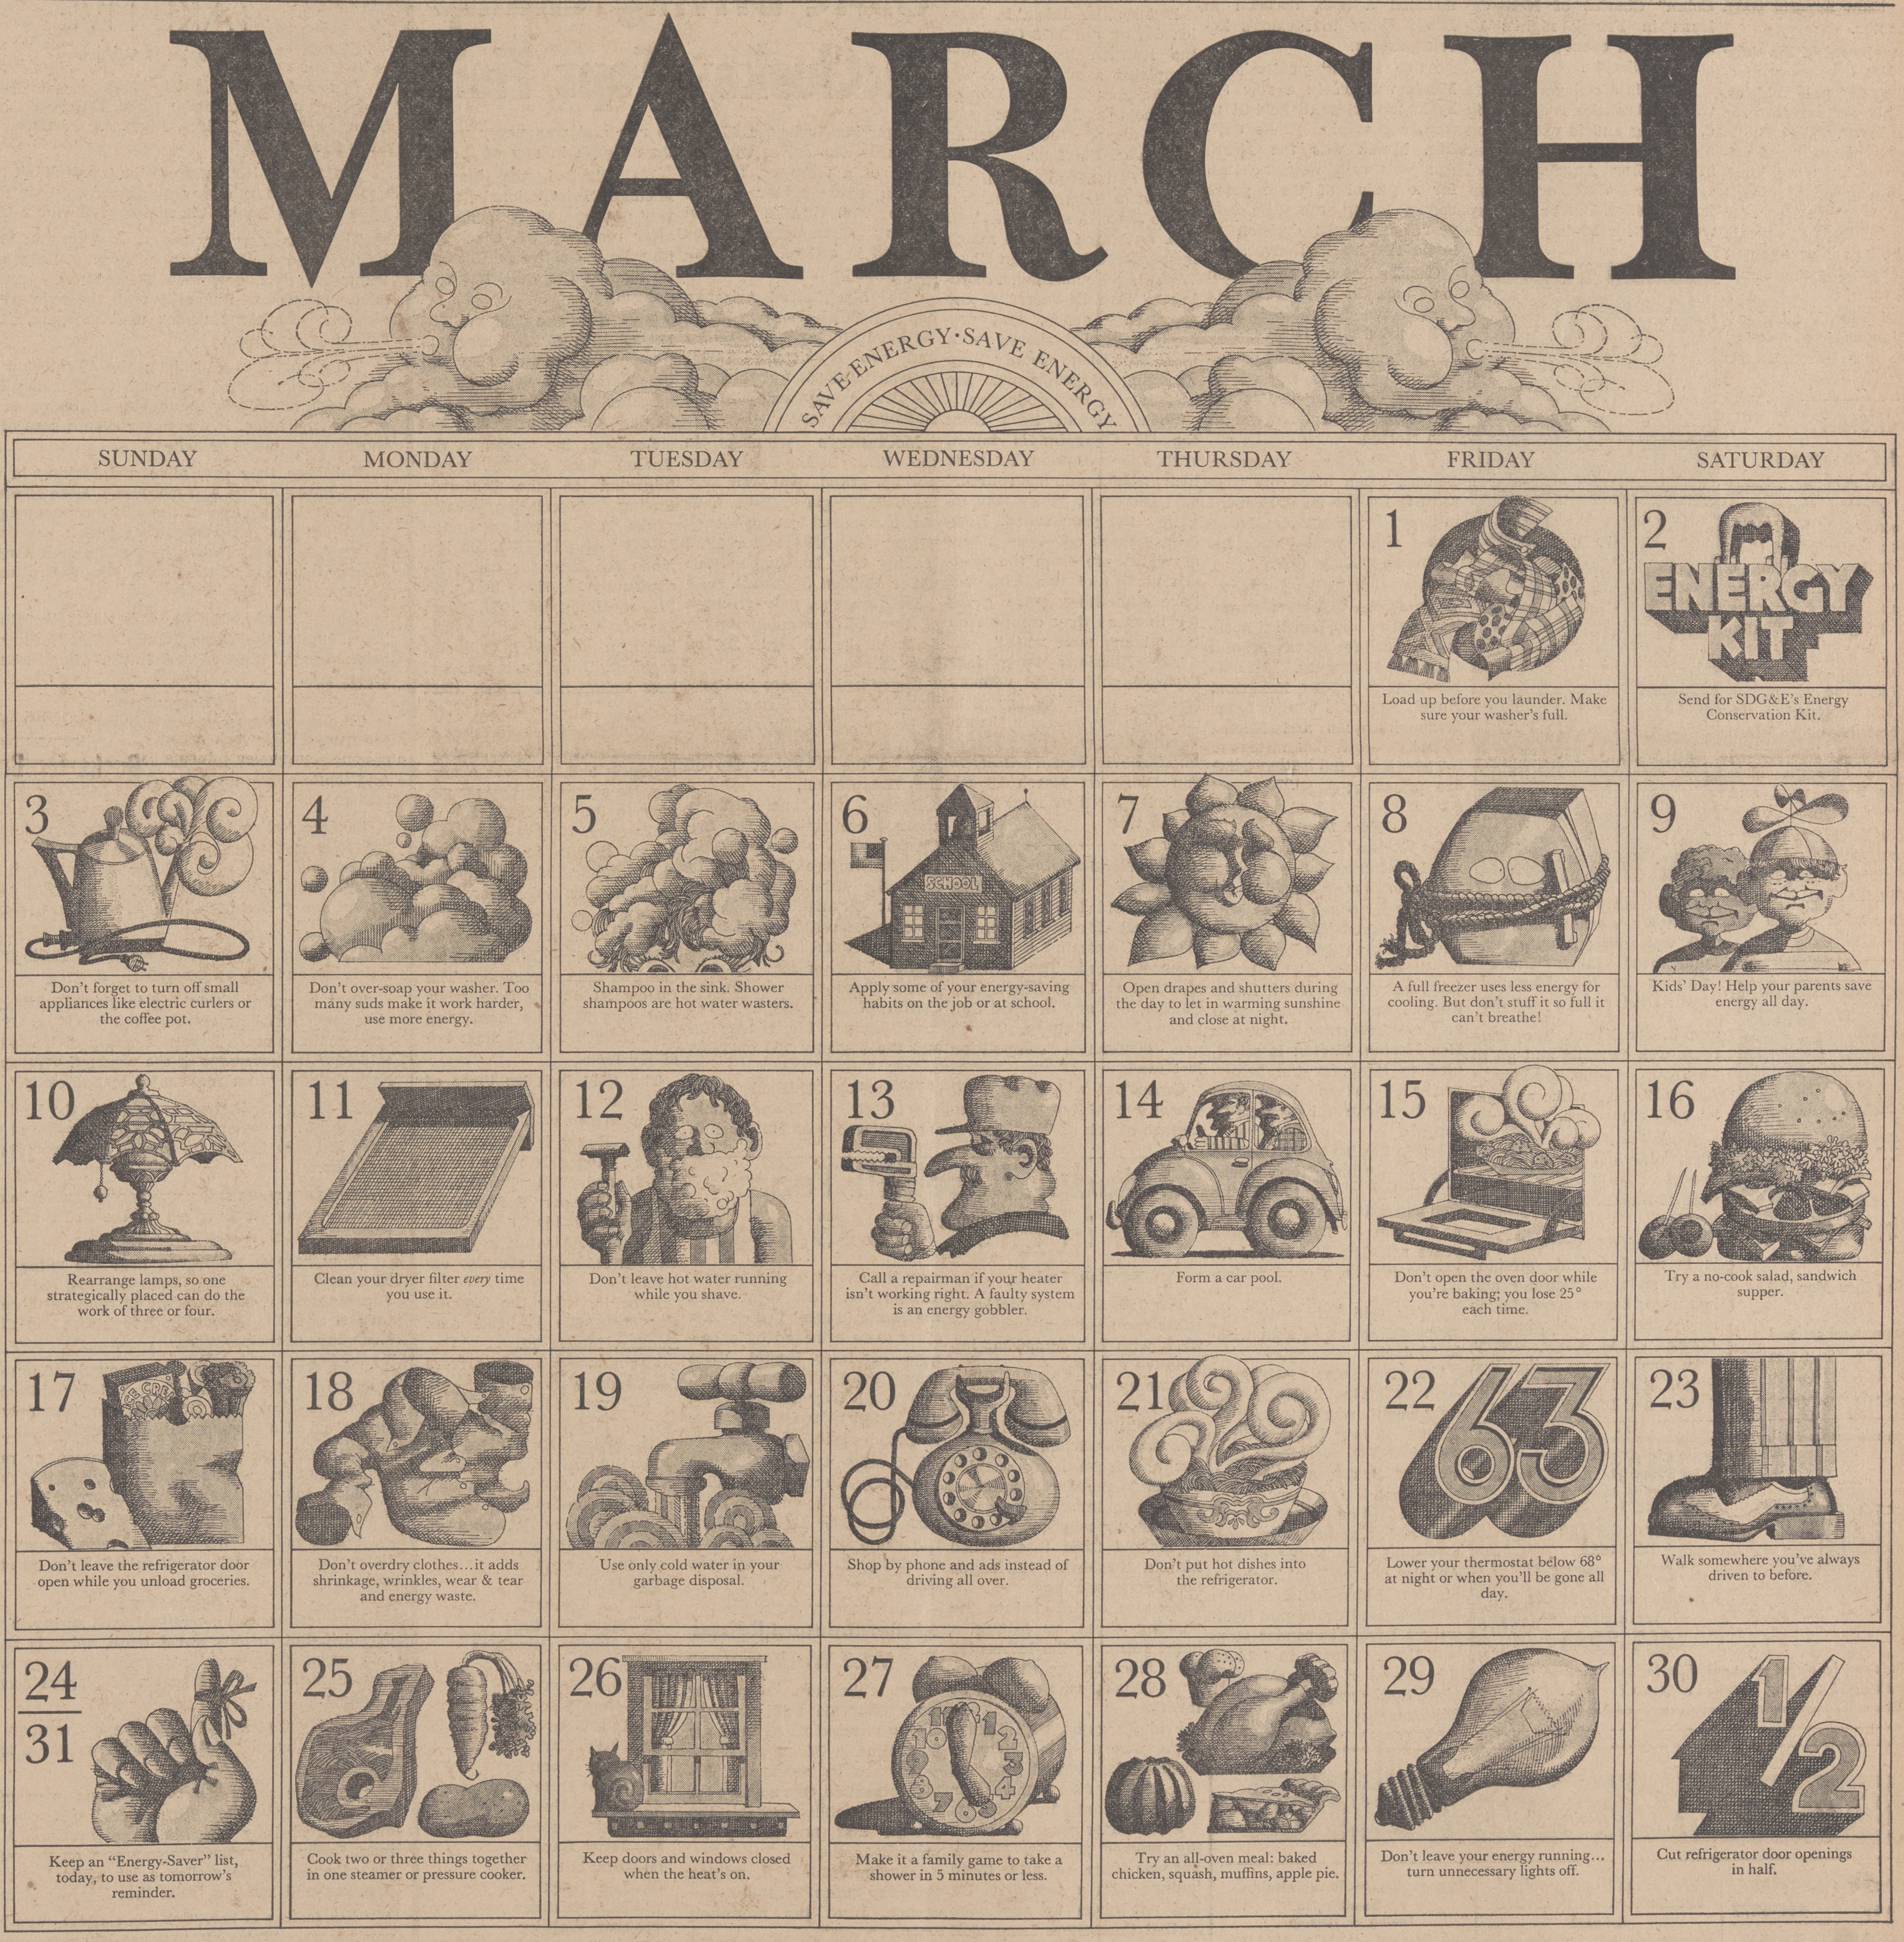
The Chargers may have beefed up its offensive line this week by signing two eighth round draft choices.

The two are Tom Forrest, a guard from the University of Cincinnati, and Bon Boatwright, from Oklahoma State.

Forrest and Boatwight will be auditioned here next week when the Chargers hold the team's indoctrination camp for rookies. Charger Coach Tommy Protho and his assistants will be in charge of the camp.

SAVE ENERGY THE ONE-A-DAY WAY

MARCH



SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
					1 Load up before you launder. Make sure your washer's full.	2 Send for SDG&E's Energy Conservation Kit.
3 Don't forget to turn off small appliances like electric curlers or the coffee pot.	4 Don't over-soap your washer. Too many suds make it work harder, use more energy.	5 Shampoo in the sink. Shower shampoos are hot water wasters.	6 Apply some of your energy-saving habits on the job or at school.	7 Open drapes and shutters during the day to let in warming sunshine and close at night.	8 A full freezer uses less energy for cooling. But don't stuff it so full it can't breathe!	9 Kids' Day! Help your parents save energy all day.
10 Rearrange lamps, so one strategically placed can do the work of three or four.	11 Clean your dryer filter *every* time you use it.	12 Don't leave hot water running while you shave.	13 Call a repairman if your heater isn't working right. A faulty system is an energy gobbler.	14 Form a car pool.	15 Don't open the oven door while you're baking; you lose 25° each time.	16 Try a no-cook salad, sandwich supper.
17 Don't leave the refrigerator door open while you unload groceries.	18 Don't overdry clothes…it adds shrinkage, wrinkles, wear & tear and energy waste.	19 Use only cold water in your garbage disposal.	20 Shop by phone and ads instead of driving all over.	21 Don't put hot dishes into the refrigerator.	22 Lower your thermostat below 68° at night or when you'll be gone all day.	23 Walk somewhere you've always driven to before.
24/31 Keep an "Energy-Saver" list, today, to use as tomorrow's reminder.	25 Cook two or three things together in one steamer or pressure cooker.	26 Keep doors and windows closed when the heat's on.	27 Make it a family game to take a shower in 5 minutes or less.	28 Try an all-oven meal: baked chicken, squash, muffins, apple pie.	29 Don't leave your energy running… turn unnecessary lights off.	30 Cut refrigerator door openings in half.

If you've been using our February energy-saving calendar, this month's will add some new ideas and help you keep up the good work. If you missed the February calendar, now's your chance to become a one-a-day energy saver. You have all of March to turn off bad habits and turn on good ones. So post this calendar where your whole family can see it…and start saving energy from day one.

On day two, send for reinforcements: SDG&E's complete energy conservation kit. It's yours free when you send this coupon to Energy Kit, San Diego Gas & Electric, P.O. Box 1831, San Diego, CA 92112.

Los Angeles Gets 29th Edition Of Sports Show

H. Werner Buck, veteran show producer, set April 12-21 as dates for the 29th annual renewal of his Los Angeles Sportsmen's Vacation and Travel Show. The "granddaddy" of all recreation outdoor presentations will be held at the downtown Los Angeles Convention Center.

Biggest single feature of the Sportsmen's Show is "'Tackle Row", largest public display in the world of fishing tackle by major manufacturers. All the big names in fishing gear have complete displays of rods, reels, line, terminal tackle and accessories. "Tackle Row" is divided by two casting ponds where show visitors may try out rods and reels, or take free lessons from the many experts staffing all booths.

A large segment of the show is devoted to the newest models of recreational vehicles. Another big section features "Vacation Row", with exhibits from states, counties and private resorts, including hunting and fishing lodges as well as nearby vacation ideas for the entire family is this year's feature. Still another segment offers backpacking and camping displays.

A Travel Film Festival offers continuous free showing of films from around the world.

Baseball Start Slow at Grossmont

Grossmont College opened the 1974 Mission Conference baseball season with back-to-back losses to Palomar (5-4) and Riverside City College (6-5) before breaking into the win column with a 6-4 victory over San Diego City Thursday.

Most of the success in Grossmont's first 11 games this year has belonged to the hitters. First baseman Vince Montallegro is the top regular with a .429 average. He's cracked six home runs and driven across 20 runs.

Outfielder Dave Oliver, also a freshman, is batting .406 with nine stolen bases. Freshman outfielder Joe Roth is next in line with a .389 bat mark.

'Crucial' Games Faced by Gulls

There are nothing but crucial games left for the Gulls.

Jack Evans' hockey team broke a seven - game losing streak Sunday on home ice before a crowd of 7,000 patient souls. Winning that game was crucial.

A crucial win was registered Tuesday night when the Gulls trounced the Salt Lake Golden Eagles 5-3. The win put the Gulls within four points of the second place, held by the Eagles, and five points from league leading Phoenix Roadrunners.

Time is running out for the Gulls, however. There are only 1 games left in the season.

Now they're off to Phoenix for a Friday game and the Salt Lake City on Saturday. The Gulls must overcome both teams to get back into serious contention. The games are crucial. Both games will be aired via KOGO Radio. The Phoenix game is at 7:45 and Salt Lake one is 6:15.

A schedule change has been made in the Gulls home schedule. The game slated for Tuesday, March 26 against Portland has been moved up to Tuesday, March 19 to accommodate a closed-circuit teevee showing of the Norton-Foreman heavyweight championship fight at the Arena on the 26th.

Add veteran Dave Kelly to the Gulls lineup. He was acquired from the Portland Buckaroos for defenseman Connie Madigan. Madigan and Kelly will be in action when the changed - date Portland game is played March 19.

Kelly played for the Gulls in 1967-68 and compiled a 2.92 goals against record—a record that still stands. The Gulls return to home ice tonight for a game with Salt Lake. This, too, will be a crucial game, depending on how well the home team does during the week-end sets. Game time is 8 p.m.

Fighter With College Degree Tops Coliseum Card Friday

Armando Muniz of Los Angeles, the world's No. 10 welterweight, meets Walter "King Cobra" Charles of New Orleans in Friday night's 10-round main event at the San Diego Coliseum.

Muniz is a college graduate with a bachelor's degree in counseling and is working on his master's. He is a teacher in the Los Angeles school system and a former crackerjack wrestler. But he gave up wrestling for boxing when he was in the Army. The issue there was "wrestle and go to Viet Nam or fight and stay in America". He became a pugilist with a purpose.

WELTERWEIGHT — Armando Muniz, world ranked no. 10 welterweight scrapper, will meet Walter "Cobra" Charles in the 10-round main bout Friday at the

Muniz has fought as a pro since 1970 and owns an impressive 30-5-1 ring mark with 21 knockouts to his credit.

The stocky 26-year-old Muniz is noted for his straight ahead style of fighting and has never been stopped in his ring career. He has wins over Lopez, Clyde Gray, Percy, such good ones as Indian Red Pugh, Adolph Pruitt, Antonio Roldan and Ruben Vasquez.

Muniz was in line for a title fight with Jose Napoles until October 11 when he dropped a split decision in Los Angeles to Mexico's Zovek Barajas.

After turning professional, Muniz won 17 in a row (12 by knockout) until he lost to former champion Emile Griffith. Muniz was the North American welterweight champ for a period of three years before losing the title last year on a split decision to Eddie Perkins in Denver.

Charles lost a close decision to Muniz in 1970 over six rounds and currently owns a 20-3-1 ecord with 11 ko's.

Now fighting out of Los Angeles, Charles is trained by Bill Slayton, who also is the new handler of heavyweight Ken Norton.

A cagey boxer - puncher, Charles often bides his time waiting for the right moment in which to shoot out a devastating right hand—hence his nickname "King Cobra."

Charles in recent appearances at the Coliseum scored impressive, one-punch knockouts over Jorge Rodriguez and Gonzalo Rodriguez. He also has wins over Nate Robinson, Angel Mayoral, Turco Leya, Mario Marquez and Eltefat Talebi.

Tickets for the Friday card are priced at $7.50-$6-$5 and $3.

Last Week

On Friday's card, world's no. 1 welterweight contender Hedgemon Lewis outpointed a surprisingly capable Jose Miranda, of Guadalajara. It may have also been that Lewis was "a little heavy". The latter judgment came from Eddie Futch, Lewis' trainer who was, until recently trainer for Ken Norton. Norton is scheduled to fight for the heavyweight crown later this month. Miranda had a 28-7-3 record.

Lewis has been chasing Jose Napoles for more than a year attempting a fight for the welterweight crown. Lewis lost a decision to Napoles three years ago. His 51-4 record indicates it'll be a good match-up.

Futch said Friday that he expects Napoles to sign within 90 days.

The crowd was pretty good —an estimated 2,200. In the lightweight, semi - main, Mike Mayon of San Diego won a technical KO over Baby Cassius, of Pasadena when referee Fred Hayes stopped the fight in 1:10 of the 10th round.

In a four-round fight, welterweight Hoy Hollis of Los Angeles decked Raul Pacheco, of San Ysidro in 32 seconds of the second round and lightweight Rudy Hernandez stopped Jimmy Ligons in 1:14 of the second of their six-round fight. Both scrappers are from Los Angeles.

American Wrestlers Want Revenge in Meet With Russians

The American National Wrestling team will have a few scores to settle when they meet the Russian Olympic team in San Diego, March 27.

Besides the defeat in Munich during the 1972 Olympics, the Russian team has just completed a six-match sweep of the Americans in Europe and held a 2-0 record over them during the American portion of the tour.

The San Diego match will be held in Peterson Gym, San Diego State U. starting at 7:30 p.m. on March 27. The match is sponsored by the San Diego Wrestling Foundation, according to Dan Dierdorff of the sponsoring group, and proceeds will be shared with most San Diego County Prep wrestling programs who are assisting in the production.

"'The Russian team from the '72 Olympics is intact, with the exception of their heavyweight who has retired," said Dierdorff. "They stay together the year round. However, I think our team, many of whom are from the western portion of the USA, will have something extra going for them as they compete on their home area mats."

The Russians have four Olympic gold medal winners and six World Games gold medalists among their 10-man squad which will arrive March 24. The Soviet squad will leave San Diego on March 28 for Berkeley for their final match in the west.

Griffin Netters Win

Coach Bob Rump's Griffins knocked off Mission Conference rival Citrus College, 7-2, to give Grossmont a 2-0 conference record. The Griffins also lost to Long Beach City College, 6-3, and dropped San Diego Mesa College, 7-2, in non - conference competition last week.

Grossmont will carry a 6-2 season record into today's conference match at Chaffey.

Matador Baseball Team Split in First Two Games

By Bob Ludwig

The 1974 Mount Miguel baseball season got underway last week with two somewhat impressive games.

Tuesday the Matadors notched up their first victory of the year by beating Hilltop 2-0. Superb pitching by Matador ace Steve Long enabled Miguel to register a shut-out. Long, who finished the game with 14 strikeouts, was back to his old form that earned him a first-team, all-league position a year ago.

He also contributed to the winning cause by hitting a home run over the left-center field fence in the second inning. Nobody was on base at the time.

Friday's game with Bonita Vista was a little different. The Matadors looked good, but the breaks didn't fall their way. They lost 3-1.

Earl Carter was the starting pitcher for Mt. Miguel, but was taken out after three innings with a sore arm. He had not given up any wins at that time. Steve Long took over the chores on the mound. Things went all right until the sixth inning when the Mats were attacked by a barrage of hits. Bonita Vista scored three runs that inning. That's all they needed since the Matadors were only able to get one hit.

The only Matador hit came by Robby Taylor on a slow ground ball down the third base line. The Matadors lone run came in the first inning, resulting in errors by the Barons.

State Minimum Raised For Most Workers

The minimum wage for more than 1½ million workers was raised to $2 an hour in California Monday.

Workers in restaurant, hotel, recreation, household, farm and retail comprise the groups that are mostly involved.

Of the State's 8 million workers, about 3 million are exempt from the minimum wage.

HAPPINESS IS BEING NO. 1 — Veteran drive Roger McCluskey polishes the brand new No. 1 which he carries on his race car for the first time in the California 500 at Ontario Motor Speedway March 10. McCluskey, the 1972 winner of the 500 miler, earned the number by capturing the 1973 U.S. Auto Club Championship.

USAC Driving Champ McCluskey Tops Field

Roger McCluskey, a 43-year old racer who drives with the speed of a teenager, marked up his greatest year in 1973 as he won USAC's National Driving Championship plus $187,433 in official Championship prize money.

The black-haired Arizonan has previously won two USAC National Stock titles (1969-70) and two National Sprint crowns (1963-66) but this was his first championship in the Indianapolis cars.

McCluskey's winnings in the 1973 USAC Stock wars put his grand total well over the $200,000 mark. That made him the second leading money winner in USAC for 1973, trailing only Indianapolis 500 victor Gordon Johncock.

McCluskey's only triumph of the Championship season came in the Michigan 200 of July 15.

Roger had the race just previous to that, the Schaefer 500 at Pocono, obviously all wrapped up when he ran out of fuel on the very last lap of the 200-lap event.

Pocono was one of three second-place finishes for McCluskey. The others were in the Milwaukee 150 June 10 and the 100-mile qualifying race at Ontario (Ca.) Motor Speedway on August 26.

He was third in the Indianapolis 500 on May 30, and fourth three times — in the California 500 Sept. 2, the first Michigan 125 on Sept. 16 and the Phoenix 150 on Nov. 3.

McCluskey finished all of the first 11 Championship races it was possible for him to run and was never worse than eighth in any of them.

He clinched the titled at Michigan International Speedway on Sept. 16. Immediately after receiving the checkered flag, he cut a tire and wound up against the wall, but was uninjured.

Known as the "old pro" of USAC racing, McCluskey is the oldest man ever to win the National Driving Championship. He was 43 years and 21 days old when he won it.

Starting in stocks in the Tucson area in 1949, Roger migrated to the California Racing Association Sprint ranks, then moved up to the USAC realm in 1960. He has made the field for every Indianapolis 500 since 1961 with the exception of 1964, when he was sidelined with a broken arm suffered in a Sprint accident. Third-place was his best Indianapolis finish (last year).

McCluskey's 1972 season was an indication that his notoriously bad luck was changing. He scored his biggest victory in the California 500 in September of that year and wound up third in the National Championship standings, his best point finish ever.

OMS general manager Jim Cook says 39 cars have been entered in the California 500, one less than a year ago. The fastest 33 during time trials and two 100-mile qualifying races March 2-3 will start the actual race.

The field includes three of the four previous California 500 winners — Joe Leonard (1971), Roger McCluskey (1971), Roger McCluskey (1972) and Wally Dallenbach (1973). Former Indianapolis 500 winners Mario Andretti, Bobby and Al Unser, Foyt and Gordon Johncock are also entered.

Race time for the $350,000 California 500 is 11:30 a.m. Sunday, March 10.

TAKE FIVE

By John E. Wirges

(Yuma Ari.) It's hard to believe it almost never happened, nearly never came to be. But here it is, Spring Training for the Padres. Right on schedule. As if the fates had decreed it.

But, to take it right from the top, it didn't hardly figure to happen this way at nearly anytime during the span of time known as summer-fall-winter 1973.

The Padres, as any casual observer can attest, have been headed for Washington, Toronto, Seattle, New Orleans, beautiful, downtown Burbank and other equally exotic temples of humanity with the regularity of government scandals. Heavens to Watergate, it was an everyday happening.

They ought to call them the "Tombstones," cause they're the franchise too tough to die. They have been dealt with harshly by the moguls of the game. Trampled on and cast aside. It was never even a case of "if" they were going, always of "when."

But here they are, alive and kicking in this wind blown haven of the Arizona desert. Here of course, they are, the Yuma Padres, of the major cactus league. Along about half past early April they pack up and begin play as the San Diego Padres in the National League West. Pardon the pride of the home folks, but, after all, they get 'em first.

And of course, like the folks in their "other" home town, fans of the Yuma Padres are happy to have them back swingin' lumber and hurlin' horsehides in their desert sun.

Happy Team

To a man, the players are happy with the way things are turning out. San Diego rates with Montreal as the best the National League own in most players' eyes. And that's a way up from where Philadelphia stands as anchor.

But the feeling here is more than one of location. Or relief for having the issue setled.

That's all part of it, of course. Settling in on home ground and knowing that pay checks are as good as paper money is a big chunk of relief in a player's concern.

The thing is, you can have those feelings and still finish last and headed for worse.

That is not the thinking in this Padre camp. No sireeebob. Somehow or other the problems of the business of the concern have not overly distracted from an attack of improvement of the product. "Welcome," says Nate Colbert, "to a real major league camp."

It's almost as if there is magic in the land. With the settling of the owner issue, the playing side of the enterprise is ready to flex its muscle and step into contending combat.

There are new names, new faces, new looks on known talents testing their speed in the drills and polishing their skills in this desert air.

Show respect when you hear the names of Willie McCovey, Bobby Tolan, Glenn Beckert, Matty Alou and Jim McAndrew. Then whistle at the svelt form of Nate Colbert and Cito Gaston. Both look slim and trim, in the best shape of their careers.

John Grubb added some 25 pounds of muscle to his shoulders and arms, and Dave Roberts shifted some of his muscle from bottom to top, looking now like the "after" ad of a he-man mail order course.

And still, it's not in size, or names, or growth, or muscle that one credits for the magic of this camp. That would be too easy. And grossly in error. Even though it is all part of the whole.

And if not the names, or muscle, or settled conditions, then, pray tell, what is it? Fair question. But ead on.

Spirit Counts

Many crimes are committed each spring in the name of spirit, but in pure sweet truth, spirit is the soul of this camp. It is almost a physical thing, growing each day in the minds and hearts of players coaches and manager.

"We'll get plenty of runs," says freshman manager John McNamara. "We'll go as far as our pitching will take us."

"We have some mighty fine arms in camp," smiles pitching coach "Sailor Bill" Posedel, taking a rare time out from working with his flame throwers. A cautious man, Sailor Bill refused to comment on the outcome of his efforts, but he smiles a lot while looking at his chargers and insiders insist that is a wonderment.

"The feeling is here," claims Colbert, "It's in the air you breathe. We're all together. Players, coaches, the manager. It's all there."

And so, Willie McCovey, running like a kid and happy as a rookie who doesn't know how hard the game really is, steps in and catches returns as Whitey Wietelmann raps out fungos to rookie infielders.

It was a small thing, really. Just one player stepping in to help one coach. But in its way it shouted volumes across the diamonds of the National League. It gave fair warning. "Look Out" it yelled. "Step back and give us room. We got it together and we're coming out tough."

And after all the pain and bother, that hits this portable pounder's ears as the sweetest music this side of a World Series crown.

Senator James R. Mills

State Senator James Mills Will Seek 3rd Term in Office

Senate President pro Tempore James R. Mills (D) announced that he would seek a third term to the State Senate from the 40th Senatorial Distric.

The 40th includes Lemon Grove, Casa de Oro and Spring Valley.

Mills said that he had been urged to seek higher offices but that he had rejected such invitations.

"I feel compelled to remain in my present office so that I can be in a position to assist in amassing the greatest total vote ever compiled in the history of this state when People carry Prop. 5. Mills, father of Prop. 5 and practically all transportation bills, is recognized in Sacramento as the most informed public transportation expert in California Legislature.

Prop. 5 would allow the use of highway funds to build public transportation systems and for pollution controls. The proposition, which is gathering wide support, will be on the June ballot.

Mills, a 14-year veteran of the Legislature, said "the gasoline shortage is a dramatic illustration of the disastrous consequence facing a society which relies on automobiles as its primary means of transportation. Prop. 5 will provide a better balanced transportation system. It's about time we busted the highway trust fund to allow local areas to meet their own transportation needs," he said.

Heads Oil Initiative

Mills is also heading up an initiative to place oil companies under the regulation of the Public Utilities Commission.

Taking a look at his constituency, Mills said, "It's an exciting district with active people who are concerned about the kind of government they receive. If I never achieve any distinction beyond that of representing the 40th Senatorial District in such a manner as to earn the approval of the people in it, I shall feel that I have received every honor I could desire in politics."

Mills is a former school teacher and a museum curator. He has served in the Senate since 1966 and in the Assembly for six years previously. He has filled the posts of Rules Committee chairman in both houses as well as Democratic Caucus chairman in both houses. Since 1971 he has been President pro Tempore of the Senate, serving as Acting Governor on various occasions.

Locally, his office is at 815 Third ave., Suite 201, Chula Vista.

Deddeh's Legislation Would Create Court

Assemblyman Wadie P. Deddeh has introduced legislation to create a South Bay Municipal Court District.

Citing the inconvenience to South Bay residents who have business before the Court and must now travel as far as Clairemont Mesa for routine traffic matters, Deddeh said the bill would bring the Courts closer to the community they are supposed to serve.

"In additioin," Deddeh said, "the creation of a Municipal Court in the South Bay will save police officers the time and expense of traveling to a court located in San Diego.

The South Bay had a full service court in Chula Vista before the South Bay District was consolidated with the San Diego Courts in 1965.

3-Day Rodeo Opens Friday At Sports Arena

The San Diego Sports Arena will be home for three days to the cowboys who get their brains rattled in the rough and tumble sport. To the cowboys, it's RO-deo.

But a lot of spectators, especially those who grew up amid the Spanish influence of many California cities pronounce it ro-DAY-o. There won't be time for any debates on pronunciation once the show starts. There will barely be time to catch a breath amid the excitement and tension of the bronc-busting, bull-riding, steer wrestling, and calf-roping.

The Golden Sttae Rodeo Co. is bringing the Pacific Coast Indoor Championship Rodeo to the Sports Arena Friday, Saturday and Sunday. The military is getting into the act with a Marine Corps vs. Navy Bucking Mule Contest. Cowgirls will pretty up the scene with their barrel racing competition.

One of the more outstanding performances will be by Albert Ostermaier, featuring his world famous Lippizan and Andalusian horses. Rodeo clowns will defy injury as they try to outrun 1600 pound bulls.
